Braeburn®

Economy Series Thermostats

Braeburn Economy Series thermostats provide an economical solution to temperature control! The bright blue backlight, 3 sq. in. display and easy-to-read characters make it simple for customers to operate. Temperature limits and FREE contractor branding on the quick reference instruction card give contractors and property owners the tools they need to help control rising installation and energy costs.

*Meets Energy Aware® Guidelines. As a licensee in the Energy Aware Programmable Thermostat Program, Braeburn Systems LLC has determined that this product meets the NEMA Energy Aware efficiency specifications for programmable thermostats. Visit www.getenergyaware.com for more information.
